PRAYER FOR RELIEF

Answering Defendants deny that BBTI and Pie Squared are entitled to the relief sought, or any other relief.

AFFIRMATIVE DEFENSES

1. The BBTI/Pie Squared counterclaims fail to state a claim upon which relief can be granted.

2. The '596, '718, '446, '585 and '537 patents are invalid and/or unenforceable under one or more provisions of Title 35, United States Code, including but not limited to 35 U.S.C. §§ 101, 102, 103 and 112.

3. Answering Defendants' actions with respect to the use, sale or offer for sale of services relating to DSL Internet access do not infringe any properly construed, valid and/or enforceable claims of the '596, '718, '446, '585 and '537 patents.

4. BBTI's and Pie Squared's claims for damages are equitably barred in their entirety, and at the very least for any time prior to May 4, 2006, based upon their vexatious, bad-faith litigation conduct and abuse of process in concert with Inline Connection Corporation ("Inline") and others. This conduct includes, for example, the filing of this lawsuit in April 2005 against

the Answering Defendants and other Verizon Operating Telephone Company (“OTC”) entities in the Eastern District of Virginia solely in the name of Inline, even though Inline had previously transferred effective ownership of the patents-in-suit to BBTI, Pie Squared and/or Paperboy Ventures LLC. The suit was filed in the Eastern District of Virginia for the ulterior purpose of evading prior adverse judicial rulings of this Court in related pending actions against AOL and EarthLink. As part of the scheme, BBTI, Pie Squared, Inline and their counsel made false and/or misleading representations to the Eastern District of Virginia Court, and intentionally withheld information regarding ownership interests in the patents and the Delaware citizenship of BBTI, Pie Squared and Paperboy Ventures, in opposing transfer of the action to this Court. The full extent of the vexatious, bad faith litigation conduct of BBTI, Pie Squared, Paperboy Ventures, Inline and others is still subject to ongoing discovery and Court-ordered production of full and complete “ownership” information on or before May 31, 2006.

5. The claims of the ‘596, ‘718, ‘446, ‘585 and ‘537 patents are unenforceable under the doctrines of equitable estoppel, laches, prosecution laches, and/or unclean hands.
6. BBTI and/or Pie Squared lack standing to assert the present counterclaims.
7. The BBTI/Pie Squared counterclaims fail to join indispensable parties.
8. Answering Defendants reserve the right to assert affirmatively any other matter that constitutes an affirmative defense under applicable law and rules.

WHEREFORE, Answering Defendants pray this Court enter judgment:

- A. dismissing the BBTI/Pie Squared counterclaims with prejudice and denying each and every prayer for relief contained therein;

B. declaring that the '596, '718, '446, '585 and '537 patents are not infringed by the use, sale or offer for sale of any of the Answering Defendants' services relating to DSL Internet access, either literally or under the doctrine of equivalents;

C. declaring that the '596, '718, '446, '585 and '537 patents are invalid and/or unenforceable;

D. declaring that this case is "exceptional" within the meaning of 35 U.S.C. . 285, and that all costs and expenses of this action, including reasonable attorneys' fees, be awarded to Answering Defendants; and

E. granting Answering Defendants such further relief as this Court may deem necessary, just or proper.
